

FROM NOW UNTIL THE END OF THE YEAR

Have **CHARACTER** - Want to improve.

CRITICALLY THINK

- Go over each day's work to reinforce your understanding.
- Explain this year's successes and failures.
- Get a range of answers to complex questions.

COLLABORATE - Work in groups. Help others and learn from others.

CREATE - Think up different ideas and produce something from them.

COMMUNICATE - Share any answers with teachers, friends and family.

'Good Practices for Exam. Study'

Friday 23 September

Last day of Term 3

From the Principal Tena koutou katoa

Senior exams finished today, and students should reflect on their preparation for the exams and how they felt about their performance in the exam room. It is critically important that our senior students make good use of the feedback they will get from the marking of these exams, and do their best to improve their revision process ahead of the external exams in November. Students have 22 school days and two weeks of holiday before the NCEA exams. 15+ credits in each subject has been the goal for all seniors this year, and students should be taking all opportunities to ensure they meet this goal.

We have had an excellent range of students applying for school leadership positions in 2017. Rosehill College is privileged to have so many fine young people willing to step forward for these roles.

Senior students have been advised that applications for school-awarded scholarships are now open and application forms are available at the Student Office.

Sue Blakely, Principal

The Real Art Roadshow

The Real Art Roadshow is New Zealand's only travelling art collection and it will be at Rosehill College on Tuesday. It is designed to give kiwi students the chance to get up close and personal with art. The exhibition is housed in a mobile art gallery and unfolds to form an 80 square metre display space. It does more than just bring art to kids, it's about helping students broaden their creativity and offers students a chance to see real art instead of relying on textbook illustrations or web representations. The truck includes many art works by notable NZ artists, many of whom students would not be able to see if they weren't in such a collection. Go to [Real Art Roadshow](#) for further information.

Art and Art History Trip

The Art Department is proposing an Art and Art History trip to Italy - Florence, Rome and Venice in the July school holidays next year for any 2017 Year 12 and 13 students who are studying Visual Arts, Art History or Classics next year. If you are interested in finding out more about the tour (costs and itinerary) with the possibility of your son/daughter being part of the group, please contact Sally Waanders HOD Art on extn 842 or email s.waanders@rosehillcollege.school.nz

Tournament of Minds

This year seven Year 9 & 10 students from Rosehill took part in the Tournament of Minds competition. T.O.M is a problem solving programme which is held across NZ & Australia. The team comprised of William Lintott, Noah Parker, Phillip Liu, Cameron Airey, Lily Hart, Nathan Kruse and Hannah Brown.

It is based for Primary and Secondary schools. The students gain and use the following skills throughout the competition: Problem Solving, Confidence, Time Management, Team Work and Creativity

The programme consists of a long term and short term challenge, which both involve dramatically performing in a 3x3m square, for set amounts of time. The long term challenge included 6 weeks of research and planning. There were four different categories for the long term challenge this year: Literature, Social studies, Science and Engineering and also Mathematics. Our team chose Science and Engineering, which involved portraying a world catastrophe which left our team stuck in a school, deaf. We then had to show ourselves making contact with others using a coded message, show what the coded message was and also creating the message.

The short term challenge is presented on the day, testing the team's time management skills and creativity. We really enjoyed working with people who weren't in our class or year, and it was a great opportunity to expand our problem solving and teamwork.

Hannah Brown & Lily Hart

Achieve 2B

If you have any kind of disability and enjoy adventure then read on! Achieve 2B is an inspiring intercultural exchange programme for young people with disabilities. They are currently looking for students to take part in both regional and international exchanges as part of a pilot scheme. If you are interested, please visit their website www.achieve2b.org.nz and apply now! It could be the experience of a lifetime.

JOBS JOBS JOBS

The Rosehill College Careers Department is experiencing a high volume of calls from companies wanting school leavers for full time jobs. Some of these jobs will become apprenticeships.

If you are leaving school and going into the workforce please make yourself known to the Careers Department.

Things that make you more employable:

Reliability and a willingness to learn

Drivers Licence - at least Restricted

CV with 2 referees (we can help with CV's)

Qualification requirements vary from job to job

NZSS Swimming Championships

Well done to our swimming team that competed in the NZ Secondary School Championships last week in Wellington. The team was Ben Masters, Caitlin Lucie-Smith, Georgia Ackroyd, Kiana Lawton, Paige Wihongi and Zoë Shuker. 150 schools participated, comprising of 550 swimmers, swimming over 3 days.

Some swimmers achieved personal best times, with Ben and Caitlin gaining points for Rosehill, as Ben got four 'top 10 placings' and Caitlin got three 'top 10 placings'. Well done to Zoë for a great effort competing at her first National event.

Many thanks to Lesley Masters for being an 'Inspector of Turns' in session 1, Debbie Lucie-Smith for managing the team and to all the parents and families that assisted and travelled down to support the team.

It was a great team to take away and they represented Rosehill College with enthusiasm, pride and sportsmanship.

*Standing: Kiana, Ben, Georgia, Zoë
Seated: Caitlin, Paige*

Clash of the Codes

The Sports Council will be running the annual Clash of the Codes competition next week from Tuesday to Thursday. It will be held in the Sports Centre so all teams will need to be ready to compete for the title! Students or team captains will need to contact Head Student, Kourtney Waters, if you have any further questions.

Sports Awards

Preparations for the 2016 Rosehill Sports Awards are in full swing. Self-nomination for Bronze, Silver or Gold medals and the Major Sports Awards have now closed but if there are any urgent last minute nominations please see the Sports Staff. There is also a separate form for the SAS Scholarship which is still open for students who have competed at a higher level and who have given a lot to their sport.

Tickets will be on sale for \$10pp early in Term 4 at the Sports Office and in the Cashier's Office. All Premier players have had their ticket included in their sports fees and they will be called up team by team to collect their tickets provided their uniform has been returned and fees have been paid.

Sports Uniforms and Fees

All students who have participated in a sports team has finished for the season will need to return their full, clean sports uniform to the Sports Office by 16th September. It is very important that students hand this to a staff member to ensure that their name gets crossed off and they don't get charged for missing gear. We also encourage parents and caregivers to check their students accounts for any outstanding sports fees and get these cleared up with the Cashier's Office by the end of Term 3. These will be followed up in Term 4.
