### From the Principal Tena koutou katoa

Last week, seniors completed their school exams which are essential part of the preparation for their external NZQA exams in November. The results of these school exams will be given to students in the first week of term 4, if they have not already received them, but during the holidays, seniors should reflect on their preparation for the exams and identify how they can be better prepared for the NZQA exams.

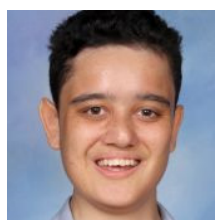

The elections for the Student Trustee on the BOT were held this week. From a strong field of candidates, Marcel Smith was elected to be the Student Trustee. Our congratulations to Marcel who will make a wonderful contribution to the BOT on behalf of the student body.

Congratulations to all those Year 9 and 10 students whose successes this term were acknowledged in this week's Celebration Assemblies. Students received Principal's Awards acknowledging their work ethic, attitude and effort, with some students gaining awards in multiple subjects. A positive work ethic leads to success.

Congratulations also go to the Dance students who performed their assessment pieces this week. Well done to all who took part.

I wish everyone a well-deserved break over the next two weeks.

*Sue Blakely, Principal*

## 15+ PENS

These pens have been issued to each senior student this week. Use the pen when studying and in the exams. The 15+ symbol is on the pen barrel to remind students that this is their credit goal per subject. If they use the pen when studying then 'magically' the pen will issue forth that learning onto the paper when they are used in exams.

## Study Time

**StudyTime** is hosting a number of **subject-specific NCEA workshops** across the country to help prepare students for their end of year exams.

The workshops will be held during these school holidays at varying dates between 1-13 October, depending on the subject, at the Foster Our Future Conference Room on Anzac Street, Auckland CBD. The specific dates can be found [here](#).

These workshops are **high-impact group learning sessions** that will provide students with the **knowledge, confidence and strategies** to excel in their NCEA externals. Run exclusively by Inspiration Education's team of bright young tutors, attendees of the workshop(s) will:

- **Learn all the relevant content for passing exams**, spanning each external standard for their subject.
- Get to know exactly what skills the exam will be testing, and **learn how to answer complex Merit and Excellence questions**.
- Build, practise and implement **powerful study techniques and exam performance strategies**.
- Understand how to maximise their potential by **planning efficiently and studying smart**.
- Meet and join a **supportive learning community** of like-minded students and tutors.
- Receive an exclusive StudyTime **subject workbook** complete with answers and a set of personalised subject notes to continue studying after the workshop.
- Get any **questions or concerns about externals answered** by experienced tutors who have, or are pursuing tertiary degrees.
- **Kickstart their motivation** for exam leave, and remind them to start building proper study habits now.

Each workshop will take place over one full day, and span a total of 6 hours (with breaks in between). They currently cost \$79.99 per student as our early bird offer - this price is to cover the wages of the tutors, preparation for the workshop and the printing of resources. More information about the workshops can be found [here](#).
