WEEK 10 – It's best to attend a Parent Forum

Wednesday 24 June is the second 'Help Your Child' evening, 7pm in the Library. We'll be talking about memory, how to understand and answer questions correctly, reading as a part of personal leisure time and being read to. We also have a concern about students addicted to games to the extent that they do very little else.

From the Principal *Tena koutou katoa*

The School Ball was an excellent evening for all. Students maintained the highest standards and it was great to see them dressed formally and enjoying themselves so much. A good number of staff attended as well. Thanks go to Mrs Sharma, Siri Sraimporn and her Events Committee for organising this wonderful evening.

Other Student Committees have been hard at work as well, with the Arts Committee having recently run the Lipsynch Competition and the Community Committee wrapping up the World Vision 40 Hour Famine. If you sponsored a student in the 40 Hour Famine, please ensure that the sponsorship is paid promptly, so that the funds can be donated to World Vision. The Sports Committee have an event before the end of term.

Our annual sports exchange with Hillcrest High School takes place on Tuesday next week, with our teams travelling to Hamilton. It is always a good exchange with excellent competition and I wish our teams success in their games.

Bad Jelly the Witch

This year's Rosehill College production is the well known and loved story 'Badjelly the Witch' by Spike Milligan. Filled with many toe tapping songs and dances, this high energy pantomime tells the story of siblings, Rose and Tim, who are on a quest to save their beloved cow Lucy from the evil clutches of Badjelly the Witch. On their way they meet many interesting characters including a talking worm, an apple tree policeman and a tree goblin.

Not just a production for the children; adults will find themselves chuckling away to the humorous dialogue of Spike Milligan whilst also experiencing some pleasant moments of nostalgia.

Brought to you by an award winning production team, Badjelly the Witch promises to be a colourful, mesmerizing and engaging experience for audiences young and old.

First Aid Course

Early in June we had 40 students from Gateway and the Agricultural Class take their Level 2 First Aid units. The courses were delivered onsite here at Rosehill College. All students passed the units and are now qualified First Aiders. At the end of the course there is a role play using real life first aid situations to test their knowledge. This photo is of some of the role play of casualties at an accident. Here the students are first on the scene of a bad accident (using fake blood of course) and need to assess the injured and prioritise care.

It is a fantastic course that the students really enjoy as it tests their knowledge of what they learned.

Thank you to Actions for Survival for a great course.

Junior Gifted and Talented Day Tuesday the 18th August.

Academy Conferences are running a Junior conference at St Cuthbert's College.
Contact [Mrs Green](#), Gate Co-ordinator if interested in more information.

Topics are:

Session 1: Lecture. AN INTRODUCTION TO THE SCIENCE OF GENETIC ENGINEERING If you could engineer your child at conception for greater intelligence and athletic ability, would you? Should you?

Session 2: Interactive session WHAT MAKES YOU, YOU? This is an interactive discussion session with a community of inquiry approach. Issues arising will include reflection on what defines culture, how culture can be changed and whether there is any way of evaluating 'good' culture from 'bad'. Students will also be encouraged to think about the question of tolerance as a cultural idea.

Session 3: Lecture. IS THERE LIFE AFTER DEATH OR DEATH AFTER LIFE? When your pet hamster dies, where does he go? And will you ever see Hammy again? 'Most people would rather die than think, and most do!' In this entertaining but serious presentation Julie will examine one of the most important questions that remain unanswered by science. What happens when you die? Is that the end, or not?

Session 4: Debate: THIS HOUSE BELIEVES THAT FREEWILL IS AN ILLUSION. Students will experience a live debate and be encouraged to contribute and to vote. This is a vibrant session and gives an opportunity for the development of a quite different set of analytical and evaluative skills. Students are expected to contribute to the debate which will conclude with a vote.

Taekwon-Do World Championships

Rosehill student Courtney Church has recently returned from the Taekwon-Do world championships that were held in Jesolo Italy, and which had over 1000 competitors from around the globe. Courtney competed as a junior and cleaned out the competition after receiving

a bronze medal in the individual junior female patterns, gold in the junior female team's sparring and gold in the junior female team's patterns. On top of these wonderful achievements she also walked away with a few trophies for 'Best overall junior female team', 'Best overall junior country' and 'Best overall country'. We are very proud of Courtney and her HUGE sporting success, it is an amazing achievement to be representing New Zealand on the world Stage, congratulations!

1st XV Girls- Congratulations to our 1st XV rugby girls for playing a strong game last night. They played another great but tough game resulting in a near miss of 5-7 to James Cook.

Cross Country

Athletics New Zealand has released an article this week naming New Zealand's top runners at secondary school level. One of Rosehill's talented athletes, Brookelyn Varney is among those named in the article as being one of the leading runners for junior girls 3000m in New Zealand. This is a huge achievement and Brookelyn will be defending this title on Saturday in Dunedin. Congratulations Brookelyn and good luck for your next race!

Shooting

Congratulations to our Shooting team who competed at the NZ Secondary School Clay Target Shoot last week, which resulted in Brandon Walden standing proud representing Rosehill College as he achieved the highest over all 136 shooters at the event.

Brandon managed a great score of 88 out of 90 which got him into the shoot off. He continued his concentration in the shoot off and managed to gain the highest score over all on the day. A total of 93 out of 95 targets.

Brandon is also a new shooter to Secondary school shooting and a competitor in the NZ Clay Target association's events.

The other Rosehill College shooter, Petra Clark, also did well in the ladies and ended up just out of prize contention, but the conditions were testing with rain.

Football

A great win for the Tulips this week with a 6 - 0 win over Alfriston College. Everything came together, passing was accurate and the girls chased everything in a complete team effort. Stand out players in the midfield were Erin Wheeler and Franja Soriano. Their continual battling set a good platform for the strikers to build from and Maddi Hocking and Carol Muodza took full advantage of this, scoring some nice goals. Defensively we were rock solid and never looked under pressure. MVP this week was hard to pick but in the end it was well deserved by Erin Wheeler.

Rugby

U69kg Red- This year the U69kg Red Rugby team is selling tickets as a fundraiser at the Hawkins Theatre in Papakura. It will be an evening with Andrew Newton who is the 'world's foremost hypnotist' live on stage. The event will be held on Wednesday 24th June at 7.30pm and tickets are \$20. If you are interested in supporting our team and purchasing a ticket please contact Ben Dick on 021721775

U69kg Blue- The boys had their first game in three weeks against Pakuranga College. On a very windy day, we came up against a very good team who adapted to the conditions better than we did. The score does not reflect the grit and resolve that our team put in today and they should be proud of their efforts. Player of the day was Blake Simpson who had a fantastic game at prop - strong carries, tough tackling and good scrummaging.

Badminton

Rosehill had a winning night at this week's Badminton games. It started with the D Grade team of Pat Patthamang, Mary Ontoy, Bishalni Prasad and Stella Choi all turning up for practice on Wednesday lunchtime and then defeating Manurewa 5-1 in the afternoon.

The B Grade teams are now showing improvement, particularly Sunwoo Kim and Eric Hwang of Rosehill B1 who demolished their opposition 21-7 to win the top doubles.

Rosehill B1 won overall against Manurewa 6-0.

The B2 team played against the previously unbeaten Alfriston team and won 4-2. Ethan Penney came back from his singles game and teamed up with Isaak Van Daalen to win their top doubles game. Ethan served brilliantly and controlled the front court, while Isaak blasted smashes to all corners of the court. Alex Sheldon and Joel Mansell again won their singles games. These Year 10 boys are using speed, skill and brains to beat their opposition.
