

Rosehill College News

Term 3 Focus

**ACADEMIC
ACHIEVEMENT
MATTERS** **EVERY
MOMENT
COUNTS**

SENIORS have done really well since Lockdown. At this stage last year about 50% of Y11, 12 and 13 students had 80% of their attempted credits. This year that figure is 61-69%.

Good things come from putting in the hard work when it's needed. Carry on.

Dates to Remember

Monday 27 July

School Finishes at 1.40pm
Parent Student Teacher Interviews
2.30pm - 6pm

Wednesday 29 July

BOT Meeting 6.30pm

Thursday 30 July

Open Evening for Prospective 2021
Students and Parents, Hall 5pm - 7pm

Monday 3 August

Subject Selection Information Evening
4pm - 6pm

Subject Selection Information Evening

You are all invited to our Subject Selection Information Evening on Monday 3 August 4pm to 6 pm. Students in Years 9 to 12 are in the process of selecting subjects for 2021. As part of the decision making process it is important investigate what subjects are available and where they can lead to. Come and talk to subject specialists in the Hall or Technology Block. Our Head of Careers and HOH will also be available for one-on-one support.

You might also want to take the opportunity to visit the Technology Exhibitions. See the poster at the end of the newsletter for further information.

From the Principal Tena koutou katoa

Welcome back to Term 3. I would like to take this opportunity to thank Mr Clarke for so ably leading the College as Acting Principal last term while I was on sabbatical leave. My appreciation also goes to the members of staff who took on other positions and responsibilities as well during this period. Term 2 was a challenging term, coping with the lockdown, online teaching and then the gradual return to some sense of normality. In assemblies this week, I have emphasised that students have done really well so far – about 10% more students this year than last have gained at least 80% of the credits they have attempted. All students need to continue to focus on their achievement and making every lesson count.

It was a pleasure to see so many parents at the Parent Student Teacher interviews last night. If you were unable to attend last night, you can making bookings to meet teachers on Monday 27 July [here](#). Classes will finish at 1.40pm again on Monday to enable these meetings to take place. Murphys Buses will run at 1.40pm and AT Metro buses at 3.20pm. The Parent Student Teacher meetings are an important part of planning for next year. Students need to decide which subjects they wish to take and that those subjects will enable them to gain entry to future courses and careers. Many subjects and courses have pre-requisites of gaining particular standards or grades.

The School Ball Years 12 and 13 students was able to re-scheduled to the evening of Thursday 6 August. Ticket sales close Thursday 30 July and we look forward to a most enjoyable function.

I wish to draw parents' and caregivers' attention to other functions that may occur on the night of the School Ball, either before or after. Large pre- or after ball functions are not to be held. Small, at home gatherings of friends with families are acceptable. If a student arrives at the ball showing signs of alcohol or drug intoxication, we may refuse entry to the student and contact parents/caregivers to collect the student.

If you are considering hosting any function at any time for students, please consider the legal implications for you. The sale of alcohol to minors, including by the sale of a ticket to a function at which alcohol will be served to them, is illegal. The police will take action to prevent such large gatherings from happening, even at the time of students boarding buses to the venue. They have indicated, in previous years, that prosecutions may be brought against those who are responsible for the organisation of such functions, with large fines a possible consequence. Please read the information on [page 6](#).

Sue Blakely, Principal

EXAM CENTRE MANAGER WANTED

We are looking for someone to manage the external NZQA examinations held in our school in Term 4. Organisation in October and the beginning of November and the exams run Mid November through to Mid December. The College provides assistance with organisation, rooms, furniture, computers, special assessment requirements, reader/writers and management of students outside exam rooms. Excellent organisational, communication and Word and Excel skills are required to recruit, vet and train supervisors, create a schedule of supervision, set up special assessment conditions, receive, store, allocate, collect and send away booklets, keep accurate records and make claims for supervision payments and expenses.

If you are interested, please contact James Clarke 09 295 0694, j.clarke@rosehillcollege.school.nz.

Parent Student Teacher Interviews

Monday 27 July from 2.30pm to 6.00pm. Please note that classes will finish at 1.40pm. It is expected that students are present at the interviews, if possible. Murphy's buses will operate at 1.40pm and the AT Metro buses at the usual time of 3.20pm. Students are welcome to remain at school to study.

To book appointments, please go to www.schoolinterviews.co.nz and use event code **u6ktm**. Appointment times are 5 minutes each and if you need longer to discuss your child's progress in a particular subject, please arrange a separate time to meet with the teacher concerned.

If you would like assistance in making bookings, please contact Linda Thompson on 295 0661 ext. 850 or by email at l.thompson@rosehillcollege.school.nz.

Together we create an environment for personal excellence

The Great Social Studies Challenge

The end of Term Two saw Year 9 and 10 Social Studies classes stretched to their creative limits with a challenge that saw them depict a significant moment in History. Students working in groups had to use all their group work and research skills to come up with a significant historical event, understand its causes and consequences and then work to create a diorama that depicted the cause of the event, the event and the consequences of the event. It was awesome to see all classes working so well together to make some creative masterpieces!

The winner of the pizza lunch in Year 9 came from 9K1 with their Tangiwai Disaster creation and in Year 10 went to 10M1 with their recreation of the sinking of the Titanic.

All the presentations were outstanding and it was great to see students working so well together!

Well Done to everyone!

EPro8 Challenge

On Thursday twelve junior students formed three EPro8 teams and represented the college at Pukekohe High School. These students were: Jeremy Thompson, Dyfrig Williams, Melody Baird, Ethan Brown, Nidhi Bisht, Rohan Ram, Varshini Velmurugan, Lucy Knapp, Dylan Stevenson, Parmjot Singh, Nicole Forbes and Jack Johnston

Each team worked together on interesting and fun challenges in a large competitive environment. They built large sized structures, solved practical problems, engineered (using pulleys, motors, gears, wheels and axles), invented machines that could complete simple tasks, constructed basic electronic circuits and used practical maths. Two junior teams placed in the top ten, with one team placing a close 4th and another equal 5th.

MANAAKITANGA

Each week, every Year 9 and 10 student is gauged against our school values by the teachers of English, Maths, Science, Social Studies and PE. Students who achieve the maximum possible marks for five weeks gain a Bronze Award. By gaining another five weeks of maximum values, students move from Bronze to Silver and so on.

The Manaakitanga awards indicate that these students are being consistently Respectful, Responsible and Caring - or in other words are showing Manaakitanga.

Bronze Award Recipients

Maia Bamfield
Noah Cameron-Fox
Visal Chandra
Tyler Craike
Trinity Devon
Bavneet Dhanoa
Joshua Harris
Kaleigh Hemopo-Ramsamy

CAMPBELL TYSON

CHARTERED ACCOUNTANTS

2021 Graduate Programme

Year 12 and 13 Students

We have a fantastic opportunity for graduates with a strong interest in business that want to work and grow in an environment where asking questions and curiosity is encouraged and rewarded.

Campbell Tyson celebrated 98 years in business this year and is the oldest accounting practice in Franklin. This longevity has been achieved through our "Forward Thinking" approach and our ability to develop traditional accounting practices into innovative client-focused services. Our flexibility and adaptability allow us to ensure that our clients get the best results and service in an ever-changing landscape.

Campbell Tyson have specifically designed a Graduate Programme that commences around February / March each year and is proven to give graduates the strongest grounding in the accounting industry. Our client diversity ensures our team develop in-depth practical experience across every industry imaginable.

We have offices in three locations, Papakura, Pukekohe and Te Kauwhata and while the first 12 months training is in Pukekohe, we are happy to discuss relocation to one of the other offices after graduating the training environment.

If you are due to complete Year 12 or are studying towards a qualification in Accountancy or Business, then we welcome you to apply online!

Applications close Friday, 21 August.

If you would like to find out more about Campbell Tyson and our Graduate Programme, please feel free to come along to our Information Evening Thursday 30th July, Level 2, 1 Wesley Street, Pukekohe, 3:30pm-6:30pm.

SPORTS REPORTS

Open Girls Basketball, 21 July, game against Alfriston College Rosehill 37 - Alfriston 36

The Rosehill girls started well but Alfriston never gave up. The game went down to the wire with Rosehill winning 37 - 36. Thanks Kearne for refereeing and the friends and family for the awesome support.

Open Boys Basketball, 21 July, game against Wesley College Rosehill 71 - Wesley 18

A very good win for the Prens Boys for the first game back after the holidays. Although a significant score gap, the boys played well and there was the opportunity for everyone to get good game time and put practiced plays into action.

Year 9 Red Netball, 22 July, game against Pukekohe High School Rosehill 30 - Pukekohe 3

Year 9 Red played Pukekohe Year 9 Red. It was a good run for the girls, they had a challenge in the beginning with the weather not being on their side the whole game, very slippery. It was a good game to watch, the final score was 30-3 to Rosehill!!! Very proud of all the girls.

Junior Girls Basketball, 23 July, game against Manurewa High School

This week our Junior Girls team played Manurewa High. Rosehill 12 - Manurewa 27. The score was low but the girls have a great attitude towards their improvement. Our top scorer was Alexis Roque and our two great battlers were Myah Wilcox and Penny Starr, taking many knocks. Next game is Thursday 30 July at Bruce Pulman, 4.15pm.

1st XI Girls Hockey, 22 July, game against Strathallan Rosehill 13 - Strathallan 0

Another impressive performance from the girls this week, continuing the efforts made last term. Slick passing and determination in the circle meant the game ended in a 13-0 win over Strathallan. Goal scorers were Hannah (4) Danielle (3) Monet (2) Grace (2) Ava and Shayne. Next week we are playing Waiuku, 6pm at Strathallan hockey turf.

1st XI Boys Hockey, 22 July, game against Pukekohe High School Rosehill 0 - Pukekohe 2

The 1st XI Rosehill Hockey Boys played the number one seeded Pukekohe on Wednesday this week in a semi-final match-up between two teams desperate to qualify for the final. Pukekohe are looking for their fifth consecutive title this year. The Rosehill Boys played a well-structured game, set an amazing screen, and put the other team under a lot of pressure. Despite having the better of the game it was Pukekohe who made the most of their chances and came away with. 2-0 win. Goalkeeper Hayden Hartley had a strong defensive game, saving many shots and deflections and only let an unlucky couple in. Even though the boys didn't get the results they were hoping for they can hold their heads high knowing they did everything they could to stop Pukekohe. The boys now turn their attention to Strathallan next week and securing the Bronze Medal in the Counties Competition.

A & B Grade Badminton, 22 July

A grade

With the singles competition ramping up it was pleasing to see four of our players in action this week. In his first game of the season Taine Naera displayed his class in his first game back this season with 3 convincing wins which has put him in good stead leading into the doubles competition. Blake Mansell was slow out of the blocks and was pushed to a deciding set in his singles match. He prevailed victorious and will look to improve on his starts. Darshan Singh had 2 tough games against one of the top players in the competition losing but is gaining some valuable experience. David Wei continued to dominate with a convincing win and is wanting to keep that momentum going in his double games with Blake next week!

B grade

Our B grade put on a brave performance this week when they played Manurewa in their 2nd game of the season. They were a player down and had to organise a late replacement in Shae Farry who was outstanding in his debut winning both his matches. The team drew 3 all on matches won but lost on points countback.

Mixed XI Hockey, 20 July, game against James Cook High School Rosehill 1 - James Cook 1

The Mixed XI Hockey team played their third game of the season on Monday 20 July against James Cook High School. We were without several players for this game, leaving us with only one substitute, which was going to make this game tough. However, the team did extremely well to keep up with James Cook as they substituted fresh players onto the field. Some great defence from Rosehill kept James Cook scoreless for a good part of the game, while our own attack had several close opportunities at scoring goals. After James Cook scored the first goal of the game, Rosehill came back determined and working hard as a team, this resulted in Liam Healy scoring his first goal of the season. The game ended in a 1-1 draw. It was great to have James Cook's coach complement us on our fair play and sportsmanship at the end of the game.

Premier Netball, 22 July, game against Sir Edmund Hillary Collegiate Rosehill 14 - SEHC 24

&

Premier Development Netball, 22 July, game against Tangaroa College Rosehill 22 - Tangaroa 16

It's a great feeling for coaches and players to be back at Bruce Pulman Park for the Counties Manukau Secondary Schools Netball Tournament. The girls should be told how pleasing it is to see the team cohesion forming on and off court – especially at their Thursday 6am training when we know where they would rather be! RHC all stood out on court as well presented and dedicated players with their organised approach to warm up and getting prepared for game time. Both Senior teams should be happy with their results for a first up match while combinations are still being formed and adapting quickly to the opposition physicality / fast paced matches. Premier Development playing in the Senior A league played Tangaroa College and came out on top 22-16. Next round the Premier girls in the Premier Grade took court against Sir Edmund Hillary Collegiate and should be happy with their first match up after having to think fast on their feet as some players unfortunately sustained injuries during the match that the girls had to adapt to very quickly. SEHC won this round 22-14. Both teams are looking forward to next week.

1st XI Girls Football, 22 July, game against James Cook High School Rosehill 3 - James Cook 0

We knew it was going to be another physical game and the girls needed to work out how they were going to combat the physicality of the James Cook players. If they let the ball do the work with passing and moving they would not get caught up in the tackles. In the first half this is what they did, they played a great passing game and it was good to watch all players working as a team. This resulted in two great goals. The second half they lost their shape a bit and had less fluid passing, but still had some good chances on goal, this pressure resulted in another great goal. Result 3-0 win. Next week's game is a local derby against Pukekohe, the girls will really need to work as a team for the full game.

1st XI Boys Football, 22 July, game against Wesley Rosehill win - Wesley default

Year 10 Netball, 22 July, game against Aorere College Rosehill 10 - Aorere 6

After a rocky start to the game, Y10 Red came out with a win of 10 - 6 against Aorere College. The girls did an amazing job and we are looking forward to the rest of the season.

Year 9 Navy Netball, 22 July, game against Papakura High School Rosehill 2 - Papakura 4

For their first game they played PHS Junior Silver (Papakura High School). It was a very tough battle throughout the game. Final score was 4-2 to Papakura High. It was a good game to watch. Very proud of the girls, they tried their best the whole game.

Junior Boys Basketball, 23 July, game against De La Salle College Rosehill - 78 - De La Salle 26

The Junior boys basketball had another outstanding game winning 78-26 against De La Salle College. It was a game high for TK Oti-Semmens with solid cameos from Etivoni Faukafa, Cruz Bushell and Amorangi Matelau.

Sports Photos

Sports Photos will be taken on Thursday 13 August. Team times will come out closer to the date. Students will need a clean playing kit for their photos. Photos need to be paid for on the day, \$20 for a large, \$15 for a regular size.

DRAWS

All draws after the holidays are subject to change. Please check the relevant website for up to date times and venues.

Sale of liquor act (1989)

Notes from the School Ball Planner website: <https://www.schoolball.co.nz/advice-school-balls-legal-alcohol-after-balls/>

This is the main Act affecting afterball parties. The sections of this act that need to be understood are:

Section 151: Sales by unlicensed person

Every person commits an offence and is liable to imprisonment for a term not exceeding 3 months or a fine not exceeding \$40,000 who, not being the holder of a licence, sells or exposes or keeps for sale, any liquor.

To comply with this section no alcohol can be sold. Being sold or supplied also applies to alcohol being included in the ticket price.

Section 160: Purchasing liquor for minors

1. Every person commits an offence and is liable to a fine not exceeding \$2000 who purchases or acquires any liquor on or from a licensed premises with the intention of supplying the liquor, or any of it, to any person who is under the age of 18 years.
2. Subsection (1) of this section applies irrespective of any liability that may attach to the licensee or any manager or any other person in respect of the sale or supply of the liquor.
3. Subsection (1) of this section does not apply to a person who purchases or acquires any liquor with the intention of supplying it to;
 1. Any child of whom that person is a parent or guardian; or
 2. Any other person who is attending a private social gathering.

This is the most important section for the afterballs – it means that, generally, for those under 18, only a parent or legal guardian can buy or supply alcohol.

The only exception in legislation is for a 'private social gathering'. Exactly what this means is not defined in the legislation so is open to different interpretations. As a general rule the people coming need a personal invitation i.e. if any student can come then it isn't a private social gathering. Remember alcohol cannot be sold at the event or included in the ticket price.

It is important to note that anyone who sells alcohol can be prosecuted if it can be shown that they knew it was to be illegally supplied to someone under 18.

Section 153: Use of unlicensed premises as place of resort for consumption of liquor

1. Every person commits an offence and is liable to a fine not exceeding \$10,000 who, being the occupier or having or taking part in the care, management, or control of any unlicensed premises, allows those premises to be kept or used as a place of resort for the consumption of liquor.
2. Subsection (1) of this section does not apply to the consumption of liquor
 1. By any person on any premises on which that person resides, whether that person is the occupier of the premises or not; or
 2. Supplied to any person by way of gift by any person who resides on the premises on which liquor is consumed.
3. For the purpose of subsection (1) of this section, any person who acts as, or as if he or she were, an occupier or a person having any part in the care, management, or control of any premises shall be deemed to be an occupier of the premises, but without affecting the liability of any other person.
4. For the purposes of subsection (1) of this section, premises may be deemed to be kept or used as a place of resort for the consumption of liquor even though they are open only for the use of particular persons or particular classes of persons, and not to all persons who wish to use them.

This section is open for interpretation. If it can be proved that the primary purpose of an event is the consumption of alcohol, then the organizers of the event could be held liable.
