December 2021

Tēnā koutou katoa

With the end of the 2021 school year, we look forward to welcoming all students back to School onsite in February 2022. A special welcome to all our new students for 2022. I hope you are looking forward to coming to Rosehill College, achieving success and making new friendships. For returning students and their parents there are some changes you need to be aware of, so please take note of what is in this newsletter. It is also available on the school website under Home/Start of Year 2022.

The last two years have been disrupted by lockdowns due to Covid 19 and we all hope that 2022 will progress smoothly under the Covid Protection Framework (CPF).

This December newsletter replaces the newsletter that has in previous years been sent in January. At the time of writing, we are uncertain about which CPF setting will apply as we return to school. Please check your emails and our website in the days just before you son or daughter first comes into school for specific details related to the CPF setting.

Our Values

The fundamental values of Rosehill College are:

Manaakitanga
Respect

Responsibility
Caring

These apply to behaviours in all areas – classrooms, locker areas, grounds, canteen, on the way to and from school. These values underpin positive behaviour for learning and create a safe environment for all. I look forward to strong home-school partnerships which support our students' learning, and I wish for a successful year for all.

I hope you have a happy and safe holiday season.

Ngā mihi

Sue Blakely
Principal

Year 12 & 13 Surname M-Z	Thursday 3 February	9:00am	-	12:30pm

Students who have met ALL course prerequisites must complete a goal setting interview and course confirmation with their Tutor Group Teacher. Parents and whānau are invited to attend the appointment with their son/daughter's Tutor Group Teacher. Students may choose to undertake this meeting in person or via Google Meet. More information will be available after results are released by NZQA.

Students who have NOT met all course prerequisites must complete re-enrolment with their Head of House before their courses are confirmed. The process may involve discussion with Heads of Faculty and developing agreed progress milestones. Heads of House are available for re-enrolment at the dates and times specified on page 2 of this newsletter. Tutor Group Teachers will use the progress milestones to undertake a goal setting interview with students during the first two weeks of school. More information will be available after results are released by NZQA.

Covid 19 Vaccinations and Co-curricular and Extra-curricular Activities

Schools and kura are open for onsite learning, for all students at all settings of the COVID-19 Protection Framework (CPF), regardless of vaccination status.

There is no requirement for students to be vaccinated to attend school.

However, many co- and extra-curricular activities are operated by providers who do have vaccine pass requirements. We will make students aware of Vaccine Pass requirements, at the time of signing up for such activities. These include New Zealand Secondary School Sanctioned Sports, Gateway providers and performance venues. If the provider/venue has a requirement for Vaccine Passes, then students who do not provide evidence of being fully vaccinated will not be eligible to participate.

The preferred evidence is as follows:

- a Vaccine Pass
- a screenshot of their vaccination record on My Covid Record (for those 16 and over)
- a vaccination certificate (which can be requested from the Ministry of Health)
- a letter from their GP

Please note that the vaccination card is not considered suitable evidence by the Ministry of Health. If this is all you can provide for now, then send it through and we will be in touch again if necessary. Email the evidence to vaccinations@rosehillcollege.school.nz

A small number of curriculum courses also use external providers who may have vaccine pass requirements. We will endeavour to provide alternative arrangements for students who do not provide evidence of being fully vaccinated.

For more detailed information, please refer to the CPF information sheet over leaf.

Public Health Measures are applied across all CPF settings			
<p>Basic hygiene</p> <p>Basic hygiene measures include good hand hygiene, cough, and sneeze etiquette, avoid touching your face, and regularly clean and disinfect surfaces.</p>	<p>Contact tracing</p> <p>Schools are required to display QR Code posters for the NZ COVID Tracer App. They must also have other contact tracing systems in place, including an attendance register and visitor register.</p>	<p>Vaccination</p> <p>Getting vaccinated is a key step to gain more protection against the virus. From 2 January 2022, only fully vaccinated staff and support people can have contact with children and students.</p>	<p>Ventilation</p> <p>Indoor spaces should be well ventilated, for example by opening windows, doors, and any vents. If mechanical ventilation is used, make sure the ventilation system is regularly maintained.</p>
<p>If you are sick - stay home and get tested</p> <p>If you have cold, flu or COVID-19 symptoms, stay home. Call your doctor or Healthline on 0800 358 5453 for advice about getting tested. Staff are to observe children on arrival, checking for symptoms. Those presenting as unwell will be asked to go home or arrange for parents or caregivers to come and pick up.</p>		<p>Closing schools on site is an unlikely option at all colours of the framework. However, it may be considered where there is a high volume of cases in a school.</p>	
Case management across all CPF settings			
<p>Cases of COVID-19 in a school will continue to be managed across the framework. Schools will work with the Ministry of Education, following public health guidance, to identify who else may need to self-isolate and get tested. Contact tracing systems will support this process. Letter templates and other supports will be provided, to assist with communications to the community.</p>		<p>Cases in school hostels will be managed directly by public health, as there is a greater risk of spread in a hostel, than there is in a school setting.</p>	

Additional mitigations at each CPF setting	
<p>GREEN</p>	<p>ORANGE</p>
<p>Schools and kura are OPEN for on site learning for all students.</p> <p> Face coverings are encouraged but not required.</p> <p> Children with complex medical needs are encouraged to take additional precautions when leaving home. Tutor Groups 2022 – Year 9 and Year 10

We have taken time over the past two years to review our Tutor Group system, to better achieve our wellbeing and learning goals for our students. This has involved much consultation with students and staff, as well as investigating other schools' models.

Our Year 9 and Year 10 students' Tutor Groups will be their core classes, allowing students to receive a thorough, targeted and continued induction to secondary school and life at Rosehill College. Years 12 and 13 will remain in their vertical Tutor Groups following the Tuakana Teina model of older students supporting younger ones. Year 11 students in 2022 will be allocated to a senior Tutor Group. Peer Support Leaders will continue to work with Year 9 students in the Peer Support Programme. We hope that students understand, some Tutor Group Teachers may change in 2022 based on staffing.

Your student's 2022 Tutor Group is on the enclosed Student Details sheet and students need to know this for their first day at school.

The 2022 Tutor Group programme, Te Puāwaitanga o Pukeroihi, will contribute to a positive, safe and supportive school culture. The programme involves students learning about and sustaining healthy, positive, productive relationships (whanaungatanga), learning to learn (ako), exploring future pathways (huarahi ako), being mentored to achieve and how to be of service to others (manaakitanga).

The Tutor Group programme is designed to be highly flexible and adaptable and further changes may be made based on evidence and data.

As per the scheme, we will continue to ask for donations to meet the costs of camps and overnight trips. Fees will be charged for extra-curricular activities. We will be monitoring our financial position very closely throughout the year, and we may need to adjust some activities that are offered if we do not receive the expected level of donations towards camps and overnight trips. We will do our best to continue to provide the rich experiences that enhance learning at Rosehill College.

You can make a voluntary donation to Rosehill College at any time and if you choose to do this, GST is not payable on the donation and you can claim a tax credit.
